

CUSTOMIZED DESIGNS
by WAUSAU TILE

MADE IN
WAUSAU®

Your next project could pay for itself and even return a profit!

Your new pavers, tiles, bricks or site amenities can make you money. Putting names, messages and logos on our products is a great way for businesses to advertise, or for others to acknowledge donors or commemorate a date or event. This type of fundraising has become very popular with our customers. And why not!

One recent customer had a need to create a paved area that included outdoor seating, with a project cost of over \$23,000.00. After selling logo advertising and lines of text on the pavers and related products, not only did the company create a beautiful, functional area, they realized a net profit of \$9,542.00. You can, too!

Each Project is a Unique Creation

Make it special with the many choices provided by Wausau Tile's creative team. Our specialized processes allow the addition of your personal design, pattern, logo or message on any of our concrete-based products. We offer the following methods to create that unique idea and custom project; epoxy filled engraving, cast-in and blasted designs, silk screen, plaques and waterjet designs. Let us handle the details for you to make the finished product exactly what you are looking for.
