

Expressly Efficient

Express Locker Series

The design of the Package Concierge® Express Locker Series allows the kiosk module to be used as a standalone system making it a perfect solution for just about anywhere. When combined with additional locker compartment modules, the Express line provides an efficient, lower cost system option for communities of any size.

Installation of these completely contained modules can be wall or floor-mounted and the built-in leveling feet make it quick and easy to place.

Configure Your Own System

Using our drag-n-drop locker **configurator**, you can easily create a unique solution that fits your needs, then get a drawing, CAD files and BIM objects to share.

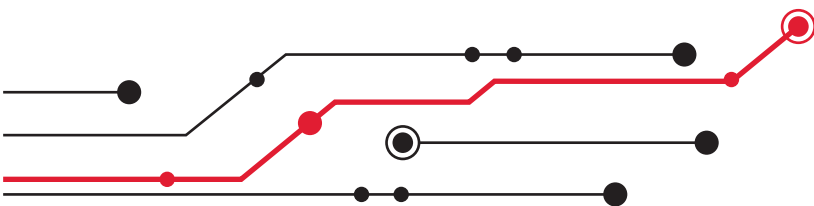

Safety Compliance

The Package Concierge® Express locker series, manufactured by Florence Corporation, is ETL certified to UL-2361 in compliance with US electrical and fire safety standards and is identified with the ETL Listed Mark. (ETL Certification #4010527)

Standard Features

- Double-column modules with six (6) compartment sizes
- Dry Cleaning locker module includes hanger mechanisms
- 7"x5" touchscreen, camera and barcode reader
- Electrical: 120V A/C, 15 Amp
